Global Overview:

United States:

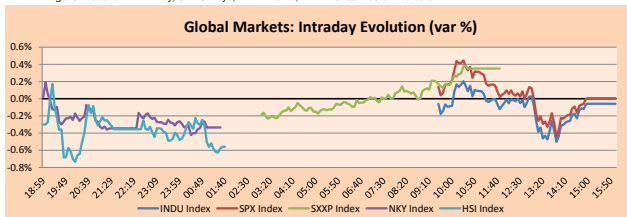

The US value market ended the day with negative results, as signs of the soft demand for smartphones affected technology stocks and an increase in bond yields affected the demand for shares...

Europe:

The European stock market finished the day with positive results among its main indexes, marking the highest closing of its shares in the last 10 weeks. These were positively affected by the shares of banking and insurance companies...

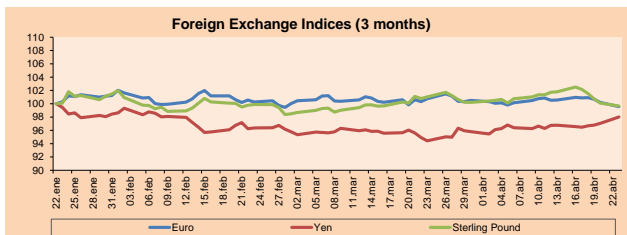

Asia:

The Asian stock market closed the session with mixed results among its main indexes. The Shenzhen index closed at -0.08% dragged basically by the technology sector, since the US government directive that prohibits American companies from selling products to Chinese telecoms giant ZTE has affected the price of its shares...
